IGMA is going "Green!" For members who choose to receive their membership communications by email, a link will be sent to download Guild PDF documents from Dropbox. It is not necessary to join or download any software for Dropbox. We encourage our US members to 'go green' with us and choose e-mail delivery as a way to save on postage, paper and printing throughout the year.

Please choose one of the following:

- Please e-mail Guild membership communications as PDF files through Dropbox
- Please send Guild membership communications as paper copies through the postal service.
