Each year during June, the International Guild of Miniature Artisans assembles a faculty of unusually talented master teachers and a group of enthusiastic (adult) students from all over the world, for a week-long miniature art school, held at the Maine Maritime Academy in Castine, Maine. It has become known as the Guild School. The Guild School established a Scholarship Program in 1985, and since then, has awarded several full-tuition scholarships yearly to miniaturists who might otherwise not be able to attend the school. It is a wonderful opportunity for miniaturists who appreciate fine miniatures and wish to learn more about creating them.

When applying for a scholarship each applicant must include a reference in order to be considered for this award. It would be helpful to the Scholarship Committee if you would answer the following questions. We certainly appreciate your time and thoughtfulness.

***The scholarship applicant will not be considered for a scholarship without this completed recommendation form.***
